**The GNRC's mission is to build confidence and pride in Geneva's neighborhoods through collaboration, education, and thoughtful design.**

The GNRC provides a variety of services to City residents from improving their homes, blocks, and neighborhoods to supporting neighborhood associations.

The GNRC also serves as a marketplace for thought, education, and discussion about the history and the future of Geneva's built environment. It is both a living laboratory and a studio. We host and sponsor events that contribute to the ongoing conversation about Geneva's identity and future.
